Dear Parent / Guardian,

**Easter Holiday revision & Coursework sessions for Year 11 & Sixth Form**

We will be running the following revision and coursework catch up sessions during the Easter break (see timetable overleaf).

These sessions are not compulsory but we advise students to make most of the opportunity to spend additional time preparing for their exams. Where needed students can also use the school facilities to work on their coursework.

I am sure we have your support in our efforts to ensure students achieve the best results they can.

Please do not hesitate to ask if you have any questions or would like any more information.

Thank you for your continuing support.

Yours sincerely,
